

BUILDING YOUR FUTURE

LOUD CRY 2024-2025 LOOKBOOK

MESSAGE FROM THE YOUTH DEPARTMENT LEADERSHIP

On behalf of the Loud Cry, I'd like to welcome you to a new term with the Canadian Field Youth Department! Within the pages of this Look Book, you'll find all events, projects, and committees that have been planned for YOU during the end of this year and the upcoming year.

The overarching theme for 2024-2025 is:

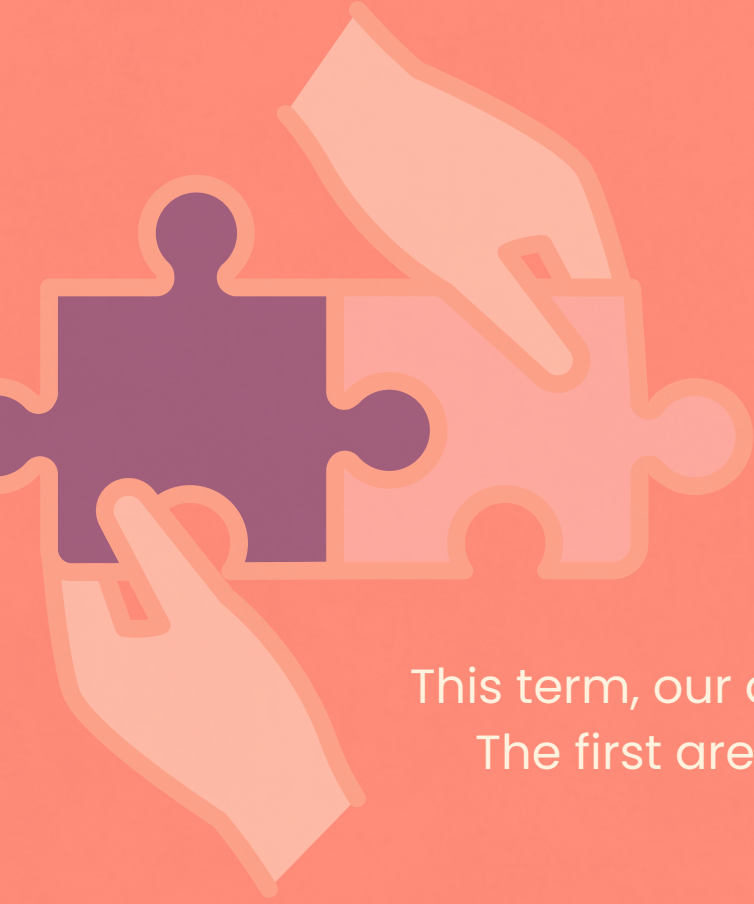

Building Your Future with God.

As you enter into high school, college or university, you are building your future. Whether that be building your future career, building your future passion projects, or most importantly, building your faith.

It's important to plan. And it's even more important that your future includes God. And yet, to build you need to have the right material, and the work needs to meet specific requirements too! The question is: How? How can I build my future with God *even though* I'm young and lack building expertise?

This year, our goal is to help you learn to build your future with God. As you join us for events and projects, we hope that you learn the importance of involving God in your future.

God wants to be a part of your future. Will you accept His help in building it?

EVENTS & PROJECTS

This term, our department will focus on two areas. The first area we will focus on is **Events** and the second area is **Projects**.

By contrast, an **Event** is *usually* a one-time in-person occurrence and is held in a specific location within the field. Events are usually short-term as they only occur once.

A **Project** is an online initiative to engage youth across the field through regular meetings, and touchpoints throughout the year. Additionally, projects are long-term and project members will meet weekly/monthly

In the following pages, you will find all planned events and projects for the 2024-2025 year. Soon you will also receive an invitation to join a committee depending on your interest!

LOCATION: QUEBEC | DATES: OCTOBER 2025

EVENTS

4TRUTH.CA:

This project will be responsible for updating the Canadian Field Website Youth page. They will update the page with important information regarding the youth department and initiatives.

BIBLE STUDY:

As Bible study is an essential part of building our Faith as youth, this project is designed to encourage the youth to come together for study and discussion regarding God's word.

BIRTHDAY BUDDIES:

As we are far away from one another, each youth that is a part of this project will be responsible for making another youth feel special on the most important day of their year: their birthday!

COURAGEOUS HEARTS:

A sister's group meets to learn about relationships, self-love in Jesus, motherhood, life's purpose and more. In addition, this program is a safe online environment for sisters to talk about their challenges and experiences in their everyday lives with other sisters and lead mature sisters. Meetings are held monthly on the first Tuesday of the month. This program will be run exclusively by sisters and will only be held with sisters.

MEN OF VALOUR:

The purpose of this project is to provide young men with an opportunity to discuss important topics that; interest or challenge them in their young lives as men. Additionally, it provides a safe online environment where young men can talk about the obstacles they face in their relationships and life choices. In this group, they can encourage one another and celebrate milestones such as baptisms, graduation, and school endeavours. Meetings are held on the first Wednesday of the month.
